TRUCKERS AGAINST TRAFFICKING

END HUMAN TRAFFICKING. TAT FREEDOM DRIVERS PROJECT

Looking for a unique Christmas gift that also showcases your partnership with TAT in the fight against human trafficking? For our 2024 end-of-year fundraiser, TAT is making available -- for the first time ever -- models of the Freedom Drivers Project (FDP) truck and trailer. These SpecCast models are 1:64 to scale and the same high quality as the truck/trailer sets available at major truck shows. TAT, a 501c3 organization, will receive an increasingly larger proportion of each sale as the number of sales rises.

*This item is a collectible intended for those 14 years & up.*
